# HMIS Policies and Procedures

We have now updated the language, build and documentation for the HMIS Policies and Procedures.

This change was a community effort to make sure the HMIS Policies and Procedures document reflected the CoC.

Thank you to all subcommittee members for your help!

**Lets take a look at the new  
HMIS Policies and Procedures!**

# LSA TIME IS HERE!

The EPCH HMIS team will be working on the annual LSA report throughout the rest of the year.

The Longitudinal Systems Analysis (LSA) report, produced from a CoC's [Homelessness Management Information System](#) (HMIS) and submitted annually to HUD via the [HDX 2.0](#), provides HUD and Continuums of Care (CoCs) with critical information about how people experiencing homelessness use their system of care. This page provides guidance for CoCs about how to use and interpret their LSAs as well as for HMIS software providers about how to program the report.

EPCH staff may reach out for information from prior programs (Oct. 2023-Sept. 2024)

Please answer all inquiries as soon as possible as this is time sensitive and report is due Jan. 9<sup>th</sup> 2025!

# Conclusion

- Keep working with the new Clarity User Interface!
- Take a look at the Policies and Procedures document and let us know if you see anything that needs to be changed.
- LSA is a very important report for the HMIS team! We appreciate your help!
