

Letter of Intent

Important: This questionnaire serves as the **Letter of Interest (LOI)** for organizations interested in applying for funding under the **FY 2026 HUD Continuum of Care Builds (CoC Builds) Notice of Funding Opportunity (NOFO)**. The purpose of this LOI is to identify eligible organizations with Permanent Supportive Housing (PSH) development projects that are sufficiently advanced to compete for FY 2026 CoC Builds funding. Due to HUD's limited application timeframe, this LOI is intended to identify projects that have progressed beyond the conceptual stage and demonstrate a reasonable level of project readiness. The CoC Builds NOFO provides funding for the development of Permanent Supportive Housing through the following eligible capital activities:

- New Construction
- Acquisition
- Rehabilitation
- Acquisition and Rehabilitation

Organizations should have identified a proposed development approach and be prepared to demonstrate progress toward site identification, financing, and project development. This form **does not save progress** and must be completed in one sitting. The estimated time to complete this LOI is approximately **60 minutes**. Please have all requested information available before beginning your submission. Submission of an LOI **does not constitute a funding application**, does not guarantee that a local competition will be conducted, and does not guarantee that an applicant will be invited to submit a full application or receive funding.
